## Co-Ops Set Goal At 200,000,000

Adopting the slogan of "200 million pounds of tobacco for 1925" last week, at their first meeting, the newly elected board of the Tobacco Growers Co-operative Association, whose new members are all dirt farmers, were quick to get into action with policies recommended at the recent record breaking annual session of 1500 members at Raleigh.

To bring the management and the membership into close contact in carrying on the business of the tobacco association, the board last week agreed to put into effect the resolution urged by the members in annual session which creates an advisory board in each of the 22 districts covered by the association in three states consisting of the delegates who are elected by the members each year to name their directors.

According to the action of the board these delegates will meet with the directors of each district "quarterly and as often as the director or a majority of the committee think advisable. It shall be their duty to consider all matters of policy and the personnel of the organization operating in their district as advisory."

Another important decision of the newly elected governing board of the tobacco co-ops last week was to carry on all present suits begun by the association and to rigidly enforce the marketing contract in the courts but to deduct no penalties from deliveries of tobacco of the 1925 crop from those who have failed to make deliveries in other years.

By this action of the new board, no member who delivers his tobacco to the association in 1925 need have any fear that deductions will be made from payments to him from next season's crop to meet claims which the association has against him for failure to deliver tobacco of other crops.

The association is looking to large increase of deliveries this year following the assurance of support from its representative members in annual session.

In assuring members who have failed in past years to make full or partial deliveries of tobacco to the cooperative warehouses that no deductions will be made from their 1925 tobacco, the governing body of the tobacco association have taken a definite step towards their goal of 200 million pounds of tobacco in the coming season.

## Mr. White's Platform

To the Democratic Voters of Appomattox and Buckingham Counties

As a candidate for the House of Delegates from Appomattox and Buckingham Counties subject to the Democratic Primary, August 4th, 1925, I wish to state my position with reference to a few of the most important issues, which I believe, will engage the attention of our legislative bodies at the coming session.

I am in favor of:

1. Building our roads as rapidly as possible under the present plan as adopted by the voters of the State, and a more rigid economy in the expenditure of road funds. I believe that additional funds for this purpose can be made available through a revision of the Fee System of payment of various officials, thereby turning into the State Treasury large sums now going into the pockets of these office-holders; abolishing and consolidating certain governmental departments, whereby the expense of government operation may be curtailed; and through a more equalized system of taxation. I am opposed to a further increase of the gasoline tax for this purpose.

2. Liberal support of our Public School System, and the election of school officials and any other officers charged with the duty of disbursing the tax-payer's money by vote of the people. I advocate a constitutional amendment to this end.

3. A thorough revision of our tax system on the basis of equalization, which I believe will add to the State's revenues and place the burden of tax-paying more equitably upon the shoulders of all tax-payers.

4. The abolishment, or thorough revision of the present fee system method of payment of certain officers. It is reported that 259 fee officers in the State received $2,084,000.00 for their services during the year 1922. This fact alone should make the existence of such a system revolting to every thinking citizen of the State.

5. Simplification and economy in governmental affairs by abolishing unnecessary offices and departments, and the consolidation of others when and wherever possible, whereby, I believe governmental expenses may be materially decreased.

6. Strict enforcement of existing laws, especially with reference to Prohibition. I cast my first ballot for State-wide Prohibition and I am firmly of the opinion that laxity in the enforcement of our Prohibition laws will do more to breed contempt for all of our laws, than anything else that our officials or we, as citizens, might be guilty of.

7. Any measures for the encouragement and protection of the agricultural interests, believing, as I do, that the welfare of our State institutions and our State at large, is but a reflection of the progress and welfare of our farming industry.

Should I be honored with the confidence of the citizens of Appomattox and Buckingham counties and elected to this office, I pledge my best efforts in behalf of these principles, and any other measures my conscience may direct are to the best interests of the people I represent, unbiased by favoritism or personal prejudice of any "ring", "clique", or political enemies.

I., and Billy Steele, Roanoke.

Percy E. Harvey died in Richmond, Virginia June 3rd, 1925 after a long illness. He was the son of Mrs. Harry Leukhart, of Richmond, and grandson of the late Richard and Betty Phelps, of Appomattox. Mr. Harvey spent six years in Mexico for his health but returned to Virginia about a year ago. The funeral services were conducted from his home in Richmond and interment in the family cemetery at Glenfall, where many friends and relatives gathered to pay their last respect to the deceased.

## Final Exercises

The final exercises of the Appomattox High school ended here last night., Hon. Leroy Hodges of the State Chamber of Commerce made the principal address which was greatly appreciated by the large audience. Major Hodges discussed the economic values of the State declaring that well educated youth was one of the strongest assets any commonwealth can have. His references to the lax State Government was a criticism of the plan and not of the officers, that the people let 25 per cent dictate the policies of the State while 75 per cent stayed at home.

The class consisted of 14 boys and 8 girls which is an usual feature of the school as the boys have nearly always outnumbered the girls at this school. Of the 22 graduates, who received their diplomas last night 17 of them have declared their intention to continue their work at higher institutions for next session and will attend the V. P. I., University of Richmond, William and Mary besides a number who will attend the Teachers College.

The list of graduates are: Howard Rogers, Pres.; Nathan Goin, Ted Gills. Kennard Gills, Hunter Walker Charlott county, Robert Cucado, Clarence Brown, Frederick Twyman, George Abbitt, Watkins Abbitt, Richard Harvey, Richard Lawson, Howard Ings, Flood Drinkard and Misses Edyth Martin, Helen Dickerson, Livye Booker, Ethyln Lee, Katie Dillon Bedford Co. Violet and Byrdie Snead Halifax Co., and Bessie Gunter.

The medalists were: First honor medal given by R. L. Burke went to Miss Alice Harwood, Improvement medal given by Superintendent Featherston to George Abbitt, historical medal given by the Appomattox Chapter of the U. D. C. to Nathan Goin, the temperance medal given by W. C. T. U. to Miss Corine Hancock.

The Appomattox school has completed a most successful session having a total enrollment of 546 pupils coming from many of the adjoining counties.

Among its former list of graduates this year are found a number who are graduating from many of the State and private colleges of the State. One from University of Virginia, two from Virginia Internmont College, one from Mary Baldwin, three from Univerity of Richmond and three from V. P. I., while a larger flumber are in various colleges yet to graduate. The present faculty consists of Prof. L. Crawley principal, Prof. W. R Wilkins, Misses Aileen Houser, Kate O'Brien, June Hubbard, Elaine McDearmon, Julia McCain, Mildred Trent, Eddie Hardy, Minnie Lee Robertson, Mesdames. Ola Furbush, Helen Welch, Tyler Akers.

The class program was: Address by president Rogers, who also received the highest honors of the class and was valedictorian Class orator Nathan Goin, class historian Miss Livye Booker, class prophet Ted Gills, class poetess Miss Byrdie Sneed, class testator Miss Helen Dickerson. A special orchestra from Lynchburg, furnished music for the exercises.

Dr. J. H. Franklin, Secy. of the Foreign Mission Board of the Northern Baptist church, preached the sermon to the graduates. Dr. Franklin drew a very large crowd. He is a native of Appomattox but now has head quarters in New York City, but came for the specific purpose of addressing the graduates.

Tuesday evening a musical program under the direction of Miss Kate Franklin was given in which a large number of pupils participated.

Principal Crawley awarded scholarships to George Abbitt to Richmond University, and Richard Lawson to William & Mary.

One of the most interesting features of the finals was the program of Literary Society. The principal event of the exercises was a debate between the senior and junior classes on the subject — Resolved "That too much attention is being paid to Athletics in the American schools of to-day". The debaters were: George Abbitt and Richard Lawson on the negative and Miss Ruth Burnett and Jeffres Street on the affirmative. The judges decided in favor of the negative.

### Mrs. R. H. Wright Entertains

"Morningside," the attractive summer home of Mr. and Mrs. R. H. Wright, on the suburbs of Appomattox, was the scene of a lovely bridge luncheon on last Thursday afternoon, the 4th, when Mrs. Wright entertained about fifty of her Lynchburg and Appomattox friends. Upon arrival the guests were served iced drinks. Ten tables of bridge were played on the spacious lawn. A delicious buffet luncheon of two courses was served, consisting of old Virginia ham, fried chicken, stuffed tomatoes, corn fritters, hot rolls, ice tea ice cream and cake.

Mrs. T. J. Garner, of Lynchburg, won the top score, a prize of a huge basket of country produce, attractively arranged. Each table had a prize of bud vases.

Throughout the house were lovely roses and wild flowers.

CHANGE OF LIFE
Virginia Lady Improved After She Took Cardui.
"I had been going through the change of life and it seemed to me that everything got wrong," says Mrs. Dexia Hawks, of Bristol, Va. "I suffered from shortness of breath and I could not go up the steps without stopping to rest several times.
"When I would try to hoe in my garden I would soon give out. I could scarcely hoe two rows before my breath was coming in gasps.
"My sister-in-law had taken Cardui and she thought it might do me good, so she told me to try it. I got a bottle (of Cardui) and began to take it by the directions and I began to improve after a few doses. My general condition was so much better after the first bottle that I got another, and another, until I had taken six. Now I am a well woman.
"Cardui is a great medicine. Since I took it I feel like a new woman. I had had female trouble for years, I am glad to recommend to other women a medicine which has helped me."

Men and Money Make this Bank Secure.
THERE are two ways of measuring the strength and standing of a bank. In the first place money resources—capital and surplus—give it financial strength.
In the second place—and perhaps even more important—are men, the officers and directors. They give the bank character, determine and execute its policies.
This is a strong bank, a helpful bank because it has ample resources, and a personnel of proven character and ability.
